Public Works Report:

Discussion on the trash pump bids. The one from DSG is turnkey and ready to go. The bid from Beemer's would require additional hoses. Discussion on Ryan to take his class D water test on June 25. Jason passed his class C water test. This makes him 100% licensed to run our water plant. Need the Wacker pump at the waste plant to be rebuilt. Discussion on the service line on Birch St. A new service line was put in and connected to our system. Would like to have Rosberg's cap the old line at the street. Discussion also took place regarding electrical work in the fire hall for the new heaters. We had to have Jetter Clean here to clean out some build up between the detention tank and the filter. Waiting for the new tazer to arrive. Looking into having the Sheriff's department for dedicated coverage when Chief is not on duty for PTO.

Clerk Report:

The farmers market will start the first week of June and be on Wednesday this year. Included with the report is the letter from the attorney about public buildings and email from the insurance company. Council members are not employees of the city and not covered by work comp insurance and need a city staff member with them if they want to go into areas of buildings that are not open to the public. Clerk will send out the work form to fill out if you have any maintenance that needs to be done.
